Social skills and competences

I am able to relate with people of different nationalities and cultures. I am able to communicate clearly and accurately in response to specific requests from patients and colleagues by the experience gained over the years.

Organisational skills and competences

I am able to organize work independently, setting priorities and taking responsibility acquired through professional experience. I am able to help, manage and implement the knowledge and use of new technologies to resident and young ophthalmologists.

I am coordinator, collaborator and speaker at many Ophthalmology conferences.

Technical skills and competences

I have skills in the use of specific instruments in Refractive Surgery (Topography, Tomography, Excimer laser, Femtosecond laser, Optical Coherence Tomography, Endothelial Microscopy).

Computer skills and competences

Good use of Personal Computer, Windows and Microsoft Office.

Artistic skills and competences

I am a passionate lover of contemporary art.
