#### SCIENTIFIC RESEARCH

Author of numerous scientific publications (about 200: books, monographs, reports and communications in

congresses and publications in journals), evidence of interest and research in various fields of general surgery in the form of:

Relations and communications at meetings, conferences and training courses nationally and internationally.

Publications in scientific journals, chapters of international treaties, monographs.

Main topics:

- Abdominal wall hernias, with particular emphasis on the repair with prosthetic materials and their application in cirrhotic patients with specific clinical protocol.
- Biological sealant (human fibrin glue) (monograph).
- Infection in surgery (has conducted two national multicenter trial).
- The quality and its systems in surgery: member of the "Board of the Quality of SICADS", is the author of a chapter of the book "The basis of quality in day surgery".
- Day Surgery: Clinical application of care model deepening technical issues - clinical and organizational - management.

Although the topics of interest identified above, the scientific activity, however, has covered all areas of general surgery with an emphasis on cancer surgery in the digestive and technological innovations in surgery such as laparoscopy and medical lasers, topic of great interest and clinical use since 2003. From 2010 there is a big interest in platelet growth factors and their application in general and plastic surgery.

National multicenter clinical trial such as:

- 1) - "Short Antimicrobial Chemoprophylaxis with Cefodizima in Colorectal Surgery". Multicenter controlled comparative study." The study of clinical operational life of about 12 months and concluded at the end of 1995.
  - 2) - Clinical study in comparative multicenter randomized open " Short Term Chemoprophylaxis in the abdominal surgery with amoxicillin / ac. Clavulanate vs. Cefotaxime", reg. AUG. 25000/458, which ended in June 1997
- In 2004, he participated as a "Teaching University based researcher" to the "PRIN" (scientific research programs of national co-financing of the MIUR - financial year 2004 - Area 06: Medical Sciences - 100%) by developing and bringing to complete the research program: "The role of prophylaxis with low molecular weight heparin in cancer surgery: prevention of metastases". With funding from MIUR and SUN (Second University of Naples)

#### • CONFERENCE AND PROFESSIONAL UPDATE

The candidate is following with interest the majority of Congress, conferences, meetings and training courses taking place both nationally and internationally; as well as he participate in the Congress, and attendance at meetings of boards of directors, of the scientific societies in which he is involved with social scientific contributions in the form of report, lecture, communication or movie.

1986: Scholarship offered by the "Fidia Research Laboratories" for a course of training in microsurgery at the Laboratory of Microsurgery of the Second Division of Orthopaedics at the Civil Hospital of Brescia.

1986: Research Fellowship at the "Plastic Surgery Unit of the Massachusetts General Hospital in Boston.

1997: Training Course on Quality Systems in Structures of Day Surgery and Day Hospital based on use of the law UNI EN ISO 9000 series (Milan).

2003: Course on " Laser Surgery of the skin and teguments of transition" and "Cosmetic Laser Surgery" - Laser Surgery School - National Institute for the Study and Treatment of Cancer - Milan

2007/2008: Master (second level) in Aesthetic Plastic Surgery. University of Padua

#### • SCIENTIFIC SOCIETY AND SCIENTIFIC JOURNALS

The candidate is a member of the following scientific society:

The Italian Alumni Association of Massachusetts General Hospital (since 1985).

Italian Society of Surgery (since 1986)

Italian Association of Surgical Pathophysiology (since 1987)

Polispecialistic Italian Society of Young Surgeons (1988 to 2002)

Italian Society of Ambulatory Surgery and Day Surgery (since 1995)

European Hernia Society - Italian Chapter (since 2005)

1997/2000: member, for resolution of the Board of Directors of the Italian Society of Ambulatory Surgery and Day Surgery, of the "Board of Quality of SICADS", research organization, intends to apply and spread the use of ISO 9000 to ambulatory surgery and day surgery.

since November 2000 to May 2003: member as a "Coordinator for the Southern Italy SICADS " of the Italian Society of Ambulatory Surgery and Day Surgery .

Since May 2003: member of the Board of Directors of SICADS.

From December 2008 to present: General Secretary of the Italian Society of Ambulatory Surgery and Day Surgery

From May 1999 to May 2001 He was a member of the Board of Directors of SPIGC (Polispecialistic Italian Society of Young Surgeons)

2004/2006: member of the Executive Council as a "Web Site Delegate" of the European Hernia Society.

Appears as a coordinator of the series of Acts of "SICADS TOUR 97/98" (Itinerant Congress of the Italian Society of Ambulatory Surgery and Day Surgery), Aretha Ed Naples.

Appears also in the secretariat of drafting and graphics of the "Bulletin of hernias and ventral hernias," Trib Rule No. 7 of 01.15.1994, Milan Biomedica Ed.

He is author and curator of the collection and publication of a "Handbook of Courses of lectures in Ambulatory Surgery" held at the Institute of Surgical Anatomy of the Second University of Naples(1996).

- Teaching and educational activities

Since 1985: Integrative Teaching Activity at the' Institute of Anatomy and Surgery Course of the Second University of Naples ( preparation of lessons for the basic course, held seminars for graduate students and has organized seminars and clinical, as well as being frequently part of the examination bodies about the courses that were held in the Institute of Surgical anatomy).

since 1986: "Subject Expert" (Cultore della Materia) to the disciplines of Surgical Anatomy of Surgical Semiotics and Surgical Pathology.

AY. 1993/1994: Representative M.U.R.S.T. in the Board of Examiners for the final diploma for Professional nursing.

AY. 1994/1995: Representative M.U.R.S.T. in the Jury of the State Examinations for Professional Nursing. Autumn session a.s.

AY. 1995: Chairman of the Board in the competition to the Post of Technical Operator at the Second University of Naples
