

Giovanna Nigro is Full Professor of General Psychology at the Department of the Università degli studi della Campania "Luigi Vanvitelli" (formerly known as Second University of Naples) and teacher of General Psychology. She is dean of the Department of Psychology.

Until 1999 she has taught Developmental Psychology (Psicologia dello Sviluppo) (Advanced course). Furthermore, she has taught Psychology of memory at the Department of Psychology of the Second University of Naples (Psicologia della memoria; Corso di laurea Specialistica in Psicologia dei processi cognitivi e del recupero funzionale), and Psychology of witness (Psicologia della testimonianza) at the High School for Legal Professionals ("Scuola di Specializzazione in Professioni legali") of the Faculty of Law at the Second University of Naples.

From 2000 and until 31st October 2008, and from 2009 until July 12, 2012, she was Chief of the Department of Psychology.

From 2000 onwards she is Chief of the Laboratory of Experimental Psychology (<http://www.psicologia.unina2.it/dipartimento/strutture-del-dipartimento/laboratori#psicologia-sperimentale>).

From 2004, she is scientific supervisor of the Clinical Services of the Department of Psychology.

From 2012 onwards she is elected member of Department executive board (Giunta di Dipartimento) (<http://www.psicologia.unina2.it/dipartimento/organizzazione/giunta-del-dipartimento>).

From 2012 onwards she is President of the Ethics Committee of the Department of Psychology of the Università degli studi della Campania "Luigi Vanvitelli" (<http://www.psicologia.unina2.it/dipartimento/organizzazione/comitato-etico>).

She was member of the academic board of the Ph. D. in "Scienze della mente" (Mind Sciences) of the Second University of Naples.

From 1998 until 2000, on a proposal of the "Consiglio Superiore della Magistratura" (CSM,) she was psychology consultant for the Italian Ministry of Justice to design a nation-wide test to enter the profession of judge ("uditore giudiziario").

From 1995 to 2001, she was Member of the Scientific Committee of the Experimental Psychology Section of the Italian Association of Psychology (Associazione Italiana di Psicologia) (AIP).

From 1992 onwards she is member of the Italian Association of Psychology Associazione Italiana di Psicologia (AIP) - Section: Experimental Psychology.

She is member of the scientific committees of the editorial series "Linea Test"

(https://www.francoangeli.it/Linea_Test/Default.asp) and "Psicologia Sociale contemporanea" (www.francoangeli.it/Ricerca/Ricerca_collana.asp?CollanaID=1244), Franco Angeli, Milano.

She is registered in REPRISE (the Register of Scientific Experts set up at the MIUR) for the following sections: Fundamental research.

She is ad hoc Referee for the following international journals:

Psychological Research, Quarterly Journal of Experimental Psychology, PlosOne, Journal of Experimental Child Psychology, Psychiatry Research, Journal of Research in Adolescence, Animal Cognition, Journal of Gambling Studies.

Grants:

1985 - She participated in a national research project (MURST ex quota 40%, year 1985) titled "Metodologia di studio delle rappresentazioni sociali".

- She was principal investigator of several local research projects and obtained grants from the Italian Consiglio Nazionale delle Ricerche (CNR) in the years 1991, 1992, 1993, 1994, 1995, 1996, and 1998), and from RAI Radio Televisione Italiana (year 1998; Title of the project: "Monitoraggio dei programmi RAISAT2").

2007 - She obtained a grant from Centro Italiano Ricerche Aerospaziali (CIRA) for the research project "Augmented Reality to Increase Safety" (ARIS) financed by MIUR (Ministero dell'Istruzione,

dell'Università e della Ricerca).

Coordinator of the local unit in the following "Progetti di Rilevante Interesse Nazionale (PRIN)":
1999 (Title of the project: "Strumenti di valutazione dei fattori umani nel controllo del traffico aereo e protocolli formativi per gli operatori"; Prot. N. 9911177251_003);

2004 (Title of the project: "Il ruolo del contesto dell'azione nel ricordo di intenzioni"; Prot. N. 2004115850_002);

2006 (Title of the project: "Illusioni di memoria prospettica e retrospettiva in bambini e adulti"; Prot. N. 2006112130_002);

2008 (Title of the project: "Ritorno al futuro: il pensiero episodico futuro nei bambini"; Prot. N. 2008YFTC3C_004).

Her main interests of research are: human memory, emotions, representations, impression formation, personality constructs, testing, and counterfactual thinking. She has published over 100 works "in extenso". Current research projects are focused: a) on the effects of the perceptual, cognitive and environmental context on prospective memory performance and on the role of strategic and automatic processes on prospective remembering; b) on the study of the relationship between cognitive development and prospective memory; c) on the study of false memories in children and adults; on the development of counterfactual-reasoning-based emotions (regret and relief) in adults and children, and e) in gambling behavior in adults and adolescents. More specifically, her recent research projects have focused mainly on the role of cognitive distortions, time perspective, including prospective memory and episodic future thinking, decision-making, delay discounting, functional and dysfunctional impulsivity, risk-taking proneness, and chasing in gambling behavior among adults and adolescents.
