

PERSONAL INFORMATION

Name Paolo Golino

Working Address Department of Translational Medical Sciences, Section of

Cardiology, c/o Monaldi Hospital, Via Leonardo Bianchi, 1,

80131 Naples, Italy.

Phone +39-081-7064239

Fax +39-081-7064285

E-mail paolo.golino@unicampania.it

Citizenship Italian

Date of Birth January 31st, 1958

Fiscal Code GLNPLA58A31F224H

Language spoken Italian

Other language English, fluent level (both written and spoken)

PRESENT APPOINTMENTS Professor of Cardiology, University of Campania "Luigi

Vanvitelli", Naples, Italy.

Chief of Cardiology, Monaldi Hospital, Naples, Italy.

Director of the Department of Translational Medical

Sciences, University of Campania "Luigi Vanvitelli", Naples

Italy.

Director of the Department of Medicine and Cardiology,

Monaldi Hospital, Naples, Italy.

MEDICAL EDUCATION

1976-1982 University of Naples "Federico II" School of

Medicine, MD degree, Magna cum Laude.

1982-1985 University of Naples "Federico II" Fellowship in

Cardiology, Magna cum Laude.

1987-1990 Ph.D. degree in Cardiovascular Pathophysiology, University of Rome "Tor Vergata", *Magna cum Laude*.

BOARD CERTIFICATIONS

1983 Unrestricted License to practice Medicine in Italy and all other Countries of the European Community.

1984 ECFMG Certification to practice Medicine in the USA – Based on Foreign Medical Graduate in the Medical Science (FMGEMS).

1985 Italian Board Certification in Cardiology.

RESEARCH TRAINING

1983-1985 Research Fellowship in Cardiology, Deborah Cardiovascular Research Institute, Browns Mills, NJ, USA.

1986-1987 Research Fellowship, University of Texas Health Science Center, Dallas, TX, USA.

PREVIOUS APPOINTMENTS

1989-2001 Assistant Professor of Medicine, University of Naples "Federico II", Naples, Italy.

2001-2005 Associate Professor of Cardiology, Second University of Naples, Naples, Italy.

2005—present: Full Professor of Cardiology, University of Campania "Luigi Vanvitelli" Naples, Italy.

2012-2017: Director of the Department of Cardio-Thoracic and Respiratory Sciences, Second University of Naples, Naples, Italy.

2020-present: Director of the Department of Translational Medical Sciences, University of Campania "Luigi Vanvitelli", Naples, Italy

CLINICAL ACTIVITY

1987-1990 Active Staff, Department of Internal Medicine, University of Naples "Federico II", Naples, Italy.

1990-2001: Active Staff, Laboratory of Invasive Cardiology, University of Naples "Federico II", Naples, Italy.

2001-2003: Active Staff, Division of Cardiology Second University of Naples, Naples, Italy.

2003-2005: Director, Laboratory of Invasive Cardiology, Division of Cardiology, Second University of Naples, Naples, Italy.

2003-2005: Director of the Outpatient Clinic, Division of Cardiology, Second University of Naples, Naples, Italy.

2005-2017: Chief of the Cardiology Division, San Sebastiano Hospital, Caserta, Italy.

2008-2010: Director of the Department of Cardiovascular Sciences, San Sebastiano Hospital, Caserta, Italy.

2018-present: Chief of Cardiology, Monaldi Hospital, Naples, Italy.

TEACHING ACTIVITY

1990-2001: Integrated and Practical Activities, Course of Cardiovascular Diseases, School of Medicine, University of Naples "Federico II", Naples, Italy.

2001-present: Course of Cardiovascular Diseases, School of Medicine, Second University of Naples, Naples, Italy.

2001-present: Courses of Invasive Cardiology and Clinical Cardiology, Fellowship program in Cardiology of the Second University of Naples, Naples, Italy.

2003-present: Faculty Teacher of the PhD program in Cardiovascular Pathophysiology of the Second University of Naples, Naples, Italy.

2009-2013: Director of the Fellowship Program in Cardiology of the Second University of Naples, Naples, Italy.

2010-2012: Dean of the School of Medicine, Second University of Naples, Naples, Italy.

AWARDS AND SCHOLARSHIPS

Scholarship from the Italian Ministry of Education, PhD program in Cardiovascular Pathophysiology.

Young Investigator Award from G.I.S.E. (Gruppo Italiano Studi Emodinamici) for the paper: "Effects of serotonin on coronary tone and flow in normal subjects and patients with coronary artery disease".

Young Investigator Award from the Working Group on Experimental Cardiology for the paper: "Antiplatelet effects of EDRF".

Young Investigator Award from the Italian Society of Cardiology for the work: "Antithrombotic effects of inactivated factor VII in an experimental model of arterial thrombosis".

"Mack-Forster Award" of the European Society for Clinical Investigation.

Young Investigator Award from the Italian Society of Cardiology for the work: Inhibition of arterial thrombosis by retroviral gene therapy of the arterial wall.

Award "Scholar in Cardiology" from the Italian Society of Cardiology.

RESEARCH GRANTS

Associate Investigator in the NIH Specialized Center of Research (SCOR) Grant in Coronary and Vascular Diseases at the University of Texas Health Science Center at Houston, Houston TX, USA: "Studies on the Conversion from Chronic to Acute Coronary Heart Disease Syndromes in Relevant Animal Models."

Associate Investigator of the project "Intravascular thrombosis and reperfusion injury". National Council of Research (project n. 91.00122.PF41).

Principal Investigator of the project "Expression of tissue factor in the post-ischemic myocardium: role of oxygen free radicals" National Council of Research.

Principal Investigator of the project "Expression of Tissue Factor Pathway Inhibitor by recombinant DNA technology" n. 41 Regione Campania.

Principal Investigator of the project "Effects of C-reactive protein on tissue factor expression by smooth muscle cells in culture" Italian Ministry of University and Research.

Principal Investigator of the project "Cellular, molecular and genetic mechanisms involved in the plaque instability" from the Italian Ministry of Public Health.

Associate Investigator in the project "Role of the immuneinflammatory pathways in atherosclerotic plaque complication" Italian Ministry of University and Research.

Principal Investigator of the project "Interaction between inflammation and coagulation in the pathophysiology of

acute coronary syndromes" Italian Ministry of University and Research.

Principal Investigator of the project "Role of local inflammation in the pathophysiology of plaque complication" Regional Law n. 5.

Principal Investigator of the project "Role of immuneinflammation in the atherotrombotic events" Italian Ministry of University and Research.

Principal Investigator of the project "Acute inflammatory, immunological, and coagulation eventsin acute coronary syndromes" Italian Ministry of University and Research

Principal Investigator of the project "Role of miRNA in the pathophysiology of platelet aggregation in patients with acute coronary syndromes" Umberto Veronesi Foundation.
